

Clearing up the facts

I agree with Mr. Petrosky's assessment that we all should work together for the benefit of the students but certain inaccuracies in the "YOUR SAY" column need correction. I believe Mr. DiDomizio identified himself as a member of the current Lansdale Catholic Planning Committee. He is also a member of the Friends and Alumni of Lansdale Catholic, Inc.; numbering many friends, alumni, parents and, yes, grandparents.

Mr. Petrosky has provided us with more information than the "official" Planning Committee. I read with interest Mr. Petrosky's comments that the Planning Committee after much brainstorming and studies were unable to find a plan that would allow Lansdale Catholic to remain at their present location.

I don't believe I heard this comment from any "official" member of the Planning Committee.

As an alumnus of the school I have followed this issue with much interest and nowhere have I seen an attack on others but have seen respectful disagreement based on fact.
